Collector Wind Farm - Project reference MP10_0156

Condition A8D – Notification to the Department

Condition A8D of the Project Approval for the Collector Wind Farm requires the following:

Prior to the commencement of construction, operation and/or decommissioning of the project, the Proponent shall notify the Department in writing of the date of commencement.

If the construction, operation and/or decommissioning of the project is to be staged, then the Proponent must notify the Department in writing prior to the commencement of the relevant stage, and clearly identify the development that would be carried out during the relevant stage.

The proponent has been working with all the project partners and stakeholders and will be commencing construction on the date of Fri 24 May 2019.

Final approval by the Department has been given for the required management plans under conditions D24 and D25, and associated completion of the pre-construction compliance report as required under condition C7 has been submitted.

As with other project data, I note that copies of these will be uploaded to the Collector wind farm website, to ensure public access consistent with the requirements of condition C6.

Yours sincerely,

Neil Weston
